Exodus seeks to provide a credible alternative venue for young people to meet, a place of fun, where God's name is honoured, standing in contrast to what society often offers in places of entertainment. Therefore any entertainment provided in or by Exodus must be in sympathy with our ethos.

It is for this reason that we ask you to screen the content of any songs, videos, visuals etc that you play. We ask that you do not play any material containing swear words, provocative language or sexual innuendo. This includes any material that promotes subjects such as the use of drugs and/or other addictive pass times, violent behaviour etc. If in any doubt please feel free to ask.

If you have any questions or concerns please e-mail me at ben@exodusonline.org.uk.

Heat and line up will be announced once all bands have been booked and confirmed.
